OUR PARTNER FACTORIES' CERTIFICATIONS

MANUFACTURING PROCESS....

Sampling

Our sampling team can make development sample within 7-10 days with Collecting customer's requirement of style. Identifying and selection of appropriate source. Preliminary screening by inspection and testing. Forwarding samples to the customers and receiving feedback.

Pricing

Our vast networking in Bangladesh allows us to provide the cheapest price available in Bangladesh. Receiving and verifying the quotations of suppliers by studying their suitability both in terms of quality and capacity to meet contractual requirements. Negotiation and finalization of price.

Quality

Our products units' section terms are depending on products range, quality of control process, Products capacity, financial capacity, Manpower and machineries capacity, Technology capability and Management efficiency. Quality Assurance is conducted in 4 stages of production. Pre production check, Initial production check, During productions check & Final random inspection.

Shipment

Arrange vessel for shipment with the forwarders and follow up shipment points for smoother connections. The above are some of the important activities we perform to provide a very effective service.
